

Kanaflex®

180 MV

The 180 MV is an abrasion-resistant, medium duty suction hose *designed for many applications such as grain and roof vacuums*. Constructed of SBR rubber with static dissipating carbon black and a rigid PVC helix.

Kanaflex®

180 MV SUCTION HOSE

Lightweight...up to 50% lighter than conventional rubber hose, so it's easier to handle and less expensive to transport.

Economical...initial cost is low and Kanaflex is almost maintenance-free, to save you money in the long run.

Flexible...lends itself to working in tight spaces. Easy handling even in large I.D.'s.

Smooth bore...combined with smooth bending characteristics, makes for the fastest, most efficient transfer of materials.

Static dissipating...needs no ground wire, no electrical shocks (arcing), and no clogging in most applications. (Please consult factory for specific applications.)
Sidewall constructed of abrasion resistant static dissipating *SBR rubber*.

SPECIFICATIONS: KANAFLEX SERIES 180 MV

| SIZE | OUTSIDE DIAMETER Inches | PITCH Inches | MIN. BENDING RADIUS 72°F, Inches | VACUUM RATING 72°F, In./Hg. | WEIGHT Lbs./Ft. |
|------|----------------------------|-----------------|--|-----------------------------------|--------------------|
| 5" | 5.75 | 0.87 | 5.0 | 12.0 | 2.00 |
| 6" | 6.73 | 0.87 | 9.0 | 12.0 | 2.70 |
